

Adopt A Family For Christmas

Doing without the things that most of us take for granted is a way of life for some families in our community. It is for this reason that Catholic Charities helps connect families and businesses who are able and willing to share their time & money to support a family with young children who is in need. There are no public sign ups; families are identified through one of the many programs Catholic Charities has to offer and screened through the Office of Individual & Family Assistance to determine need. Gifts are delivered to the families during the week before Christmas.

If your family or business would like to participate in our program, the program operates in one of two ways:

- 1. You can remain anonymous:**
 - a. Catholic Charities' staff would go shopping and provide the gifts to the family for you, or**
- 2. Your family or business staff can shop and, determine with the family in need, a good date to deliver the gifts.**

Wish lists (including clothes and shoe sizes if requested) of all members of the family will be provided to help you make your selections.

If your Family or Business would like to participate or learn more about our program, please call Jennifer at 876-0490.
